

## PLATFORM OF THE Independent Home-Rule PARTY.

Adopted in Island Convention in Honolulu, H. I., June 7, 1900.

### PREAMBLE.

"We believe that all governments founded on an independent basis should be assured of freedom without oppression. We believe in equal rights and freedom for all the people.

"We believe man was born with a right to be independent and that every person is equal in the eye of the law. We believe that he is endowed with all the privileges of life, liberty and the right to choose that which will contribute to his best advantage. We believe in protection against oppression. We believe that we should strive to secure equal rights for the people, by the people and for the people.

"Equal rights for the people," is the motto adopted in the platform.

"The belief of the independent party is that the successful candidates in the legislature of the Territory of Hawaii should strive in every way to secure the consent of the congress of the United States to make a state of the Territory of Hawaii and pledge ourselves to support all good and equal provisions that either the republican or democratic parties of the United States may see fit to enact.

"We further pledge ourselves to support that political party in the United States that will work to make Hawaii a state.

"We intend to strive in every way possible to secure from the United States benefits and privileges for the natives and other citizens alike who will work together for the good of the country, regardless of color. We also intend to strive toward the end that our representatives shall formulate the best laws for the people.

"Our legislators should strive to obtain homesteads for American citizens of the Territory of Hawaii out of the lands that have been taken over by the United States.

"They should also strive to set aside an appropriation for the payment of just claims or damages by fire, caused by the burning of Chinatown in Honolulu and other places by the board of health in connection with the suppression of bubonic plague in 1900.

"They should further strive to encourage education, industrial pursuits, farming, road making, railroads and both foreign and local commerce that will redound to the advantage of the country.

"We stand opposed to monopolies, to any attempt at a restriction of the voting privileges of natives or citizens who think as they do, that might be attempted later. We stand opposed to the heavy taxation of the people, the restriction of the jury rights of the natives and to all other restriction of the rights of the people.

"We declare that labor, other than by contract, on government work either mechanical or industrial, shall not exceed eight hours a day.

"Labor on government contracts or otherwise, either direct or indirect, shall be performed by citizens of the Territory of Hawaii.

"We pledge ourselves to resist the furtherance of trusts in the Territory of Hawaii.

"We are pledged to earnest and unceasing effort to secure for all those persons imprisoned by the martial law rule of 1895 and by sentence of the military commission of 1895 such financial remuneration as is their just due."

The above is the correct PLATFORM OF THE INDEPENDENT HOME RULE PARTY.

Attest: JAMES K. KAULIA, President Aloha Aloha.  
WM. KALEIHIUA, Secretary. D. KALAUOKALANI, President Kalaniana'ohine.

## THE FIELD OF SPORTS REVIEWED LOCALLY What is Doing Here in Outdoor Events.

### SPORTING MATTERS LOOKING UP

CONSIDERABLE ACTIVITY IS  
AMONG THOSE WHO LOVE  
THE SEA.

On the Gridiron—Comments on Racing at Kapiolani—Quail and Pheasant Thin—Other Game.

### CALENDAR OF SPORTS.

October 16—Young Men's Christian Association evening gymnastic classes, commence.

October 19—Yachting, Dewey and Lt. Palma race to Lahaina.

October 20—Association football at Makiki.

October 28—Rowing, Healan three-crew shell race at 10 a. m.

November 7—Annual tennis tournament, class doubles.

November 10—Football, Maile Illinas against Artillery.

November 17—Football, Artillery against Punahou.

November 21—Football, Punahou against Maile Illinas.

November 29—Racing at Kapiolani Park. Foot ball, Oahu College against Punahou Alumni.

### With the Boat Clubs.

Universal activity is manifesting itself at the two boat houses in the harbor for this time of year. Every evening one or two crews are out from both clubs.

At the Healan boat house, Don Reinar and Paul Jarrett are coaching two barge crews and already the stroke and form shows great improvement. These crews will race for a dinner on the 23rd of October. The course will be on a three-quarter mile straightaway.

Lloyd Conkling has a crew of juveniles out in a barge and is fast bringing the youngsters into fine form. At present they take their places as follows: Stroke, Fred Williams; 5, Willie King; 4, Paulao; 3, John Holt; 2, Kenneth Atkinson; bow, Oscar Lansing.

At the Myrtle boat house there are four shell crews, who are rowing in good form. They are as follows:

Crew 1—A. Sorenson, captain; A. Giles, stroke; L. B. Scott, Taru McGrew, Harrison, substitute.

Crew 2—Albert Judd, captain; Geo. Waterhouse, stroke; P. Lishman, Geo. Robertson; Hemenway, substitute.

Crew 3—Geo. Angus, captain; Wade Armstrong, stroke; Geo. Fuller, W. Dunsen; Thompson, substitute.

Crew 4—W. H. Soper, captain; Fred Wright, stroke; A. W. Judd, W. B. McClean.

There is a faint possibility that some inter-club races will take place some time in the holidays. If such a race could be arranged it would be heartily appreciated by the public and would give a great impetus to the great races in the summer.

### On the Gridiron.

The football season has now fairly begun and at the present outlook some fine sport is promised to the lovers of the greatest of all games. Those who attended the game on Friday between the Punahou alumni and Oahu college were well pleased with the showing made by both teams.

The alumni are by far the heaviest team in the field. They average almost 168 pounds, taking the field in the following order: A. Waterhouse, center; Walker, left guard; A. Judd, right guard; Greenwell, Fuller, left tackle; G. Judd, left end; A. Judd, right end; Babbitt, quarter; Hemenway, left halfback; Ingalls, right halfback; Fuller, Greenwell, fullbacks.

They have had little practice as yet and are a trifle slow at starting, but their great advantage in weight is of no trivial importance.

In the game last Friday the Oahu college team did not play as fast as was expected, but there was still enough vim and snap in their work to keep the heavier alumni guessing. It is expected that but few changes will be made in the line-up as a result of last Friday's game. At present they line up as follows: L. Robinson, center; A. Walker, Plunkett, left guards; Perry, right guard; G. Judd, Walker, left tackle; Crum, Williamson, C. Judd, left end; M. Robinson, right end; Williamson, A. Marcellino, quarters; J. McGrellino, left halfback; Kaulukou, Myers, halfbacks; Castle, fullback.

The Main Illina football team was severely handicapped by an accident that happened to George Lucas, the left end. While tackling the other day he was thrown heavily, breaking his clavical in two places. This, of course, put him out of the game for the rest of the season. This accident necessitated a general change in the line-up and the team now takes the field as follows: Center, Chilton; guards, Chamberlain and Sumner; tackles, Richardson and Jarratt; ends, P. Wright and W. Wright; quarter, Clark; halfbacks, King and En Sang; fullback, Schmidt or Wilson.

There is also a fourth team in the field composed of men from the Sixth artillery. At present nothing is known of their personnel, but it is said that they are all big, quick men. It is whispered that there are two teams of soldiers who battle against each other every afternoon. If this is the case a championship team ought to be developed.

### On the Turf.

The weekly races of the Honolulu Driving association show the great need of order and method, which is entirely lacking. Some man who knows his business and who will do his duty, regardless of popular opinion ought to be appointed superintendent of paddock in order to bring tardy hostlers to time.

Take the races of the 6th inst. for example. Four events were scheduled and advertised, racing to begin at 3 o'clock sharp. At 3 o'clock there was not a single entry at the track. By 3:45 two beasts were found which put up a very lame apology for a race. To complete the program and to keep the sporting public from starvation, two green horses were put on the track, who gave a passable exhibition of racing. This completed the program, which drew a small crowd of enthusiasts two miles out of the city. The public loses its patience very quickly.

and a few more such exhibitions will nail the lid down on the Honolulu Driving association's Saturday races. Let us sincerely hope that they will remedy the fault before it is too late.

At present every one is working hard at training the horses. Waldo J. is working the fat off in great shape and the other day went a mile in 2:24 without half trying.

W. W. Woods' legs are as good as they ever were. His feet, however, are inclined to be a little sore, but the wise ones predict that he will make the White Ghost turn of all steers in order to beat him.

Susie, a green horse, is showing good ability. Although still unaged to the track, she is fast coming round and is reeling off good time. She went well under 2:45 a few days ago.

Fred, another green horse, is also showing up in good form. With careful training he may develop into quite a record-breaker. His present time is well down near the 2:40 mark.

Venus is showing up in fine style and is covering ground in a first class manner.

Several other horses are out and are showing up well.

### With Dog and Gun.

Sportsmen are beginning to look for the first arrivals of the foreign ducks, which are due here any day now. Up to this time no ducks have been seen, but they are sure to be along before the month is out.

Quail and pheasant are as thick as ever. The hunter for such game has to go far into the upland valleys, or along the edges of the sugar plantations, where they are to be found in profusion.

The falconer is not inhabiting the hills back of Punahou in such large numbers as in previous years. He seems to have forsaken his former home in the higher regions for one in lower altitudes.

Goats and pigs are always in season. The wholesale slaughter of the beasts in a country like this with such limited resources for game should be heartily condemned by all true sportsmen. A party of five of these butchers spent a week in one of the best goat hunting regions in the Western Islands and almost entirely depopulated the place. That was some months ago and the goats are just beginning to wander back to their old retreats. "Enough is a feast" should be the motto of every sportsman. There are kamalas here who can remember the time when goats were to be found in Nuuanu valley. Captain Black, one of the oldest local sportsmen, tells a tale which is almost incredible to the younger hunters who have to go far back in the mountains for game, of shooting goats from the government road about five miles above Ewa mill. The time is not far distant when all large game will be extinct in these islands if the wholesale slaughter of the beasts is allowed to go on any more.

## A THREE-FOLD CAUSE.

The highly gratifying progress and prosperity of the Provident Savings can be distinctly traced to a three-fold cause—namely, wise, skillful and energetic management, an intelligent and enthusiastic force of business producers, and the most desirable and up-to-date policy contracts.
